

WHAT is Safe at Home?

Safe at Home (SAH) is an address confidentiality program. This program helps survivors improve their lives with the following services:

Substitute Address

SAH will assign participants a substitute address. This address can be used with all city, county and state offices as well as with private organizations that require a mailing address. Your physical address will not appear on public records.

Mail Forwarding Service

First-class, legal, and certified mail, as well as packages of prescriptions, will be securely handled and forwarded to the participant's confidential address.

Confidential Voter Registration

Participants can register to vote and not be listed on the public voter registration list.

Helping Victims Become Survivors

"Every Iowan Deserves to Be Safe at Home"

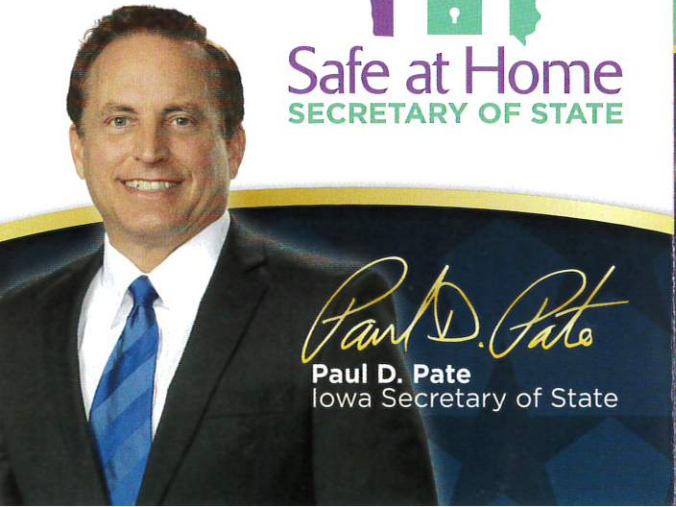

Greetings,

We are proud to administer the Safe at Home program in Iowa. This address confidentiality program protects survivors of domestic violence, sexual assault, trafficking, stalking and other violent crimes.

Safe at Home enables participants to become active members of society by keeping their home address off of public records. It allows participants to enroll their children in schools, obtain a driver's license, and register to vote while still maintaining their confidentiality. All Iowans deserve the right to live their lives without fear.

I hope that Iowans will work together to help survivors rebuild their lives and preserve their safety.

Every Iowan deserves to be safe at home.

Helpful Hints

- Enrollment in the SAH program is **only** one piece of a plan for a participant's safety.
- A participant's mail may be delayed up to seven days.
- In order to vote in elections, participants must vote by absentee ballot.
- Participants are required to notify the SAH office immediately when their name, address, or other contact information changes.
- Participants enroll in four-year terms. Participants can re-enroll after each term, or voluntarily withdraw at any time.
